Pfizer Response to Hurricane Dorian

During a natural disaster or crisis, our priorities at Pfizer are the safety of our colleagues and the ability to ensure an uninterrupted supply of medicines for our patients. Pfizer has contingency plans in place to ensure the continuity of supply and to mitigate interruptions during natural disasters.

We continuously improve all our processes and actions based on learnings taken to help manage Hurricanes Maria and Florence ; these have positively influenced Pfizer's ongoing preparations.

We experienced minimal disruption with Hurricane Dorian and the impact to the North Carolina Outer Banks area. Customers in need of emergency assistance with a Pfizer order are encouraged to contact Customer Service at 844-646-4398 for 24/7 support.
